VerdantTech VT-7 Pistol

The VT-7 is a very small pistol at only about 7 inches long. It has a 13-round clip and fires 10mm ammunition. Despite the fairly high bore ammo, the pistol is compact and fairly lightweight. It has excellent trigger tension and reasonably little recoil. Its range isn't as good as the VT -4 and -5 models but it can fire off at the same high speed and packs slightly more stopping power.
