

Puma 520 Enforcer

The Mestic Puma 520 Enforcer was designed specifically for covert operations where stealth was vital. The Puma 520 comes standard with a laser sight, Mestic's standard pistol silencer and is almost always painted black. It is the perfect weapon for raids into hostile structures (starships, bunkers, vehicles, etc) or assassinations.

A number of the weapons were sold to the New Republic's Palvar SecForce for distribution to their SpecForce Infiltrators and other covert teams. Overall sales of the Puma 520 haven't been all that high.
