

Weapons D6 / VerdantTech VT-17 Sniper Rifle

VerdantTech VT-17 Sniper Rifle

The VT-17 is a very well constructed sniper rifle. It has a very streamlin design and heat resistant carbonite barrel. A powerful and accurate scope makes the weapon incredibly accurate and the rounds it fires are high bore and are propelled by EMP blast rather than chemical reaction. This fires the rounds with alot of force and is totally silent. This is a dangerous weapon in the hands of an assassin.
