

## Weapons D6 / Mestic Munitions SR-22

### Mestic SR-22 Sniper Rifle

The Mestic SR-22 is the newest and most effective sniper rifle ever produced by Mestic Munitions and is used in limited numbers by both PDF snipers and private organizations across the Mid Rim and Expansion Regions.

The SR-22 is currently only a semi-automatic weapon but Mestic has released several rumors indicating that they will release a full-automatic version of the weapon in the near future that will allow a single soldier to lay down deadly fire over nearly two and a half kilometers - much further than any heavy repeating blaster.
