Equipment D6 / RanCorp 450 Scan Visor

Advanced Scanner

The 450 scan visor is a visor that has some of the most advanced miniaturized scanning gear on the market. It has several modes, it identifies life forms up to 100 meters away while detecting motion at that distance as well. It can switch to a light enhancing mode that allows the wearer to see in near complete darkness. It also has a targeting system that can be directly linked to almost any ranged weapon.
