Background:
Ronon Dex was once a soldier on the planet Sateda.
A human native to the Pegasus Galaxy who fought the Wraith in defense of his planet, Ronan Dex was captured, tortured and then released to become a "runner," the target of a Wraith hunting ritual. He has evaded capture for seven years.
Ronon has a physical presence to be reckoned with. His "kill first – ask questions later" approach to interstellar negotiations brings an explosive and foreboding element to the team and their volatile off-world excursions.
