The Force D20 / Force Shield

Force Shield (Con)
Requires the Affect Mind, Enhance Senses, Telepathy, Battlemind, Sense

This power allows one force user use 'shield' another from the force. The user places a barrier between the target and the force. This does not strip a target of force use, emrely blocks it for as long as the shield is raised. It is initialy resited with control and any round the target wishes to he may take an action to try and break free with his control vs. the user's alter. As long as the shield remains up the target may not use the force. He is not restricted in any other way.
