Planets D6 / Tielar

Tielar

This planet is located, quite literally, in the middle of nowhere. It was designed as a touch-off base for scouts, and it serves that purpose quite well.

Most of the planet is level plains with a few occasional plateaus sticking up. There is little plant or animal life around, nothing except hardy grasses and herbivores, although there are probably a few carnivores around to decrease the populations of herbivores.

Type: Terrestial
Temperature: Temperate
Atmosphere: Type I
Hydrosphere: Arid
Gravity: Standard
Terrain: Plain, Plateau
Length of Day: 33 standard hours
Length of Year: 465 local days
Sapient Species: Mostly Humans, other aliens as well
Starport: Limited Service
Population: 40
Planet Function: Exploration
Government: New Republic
Tech Level: Space around Starport.
