Starships D20 / Verdant Spaceworks Hercule

Verdant Spaceworks Industrial Materials Hauler

The Hercules Industrial Materials Hauler was roiginaly just a workhorse for verdant Spacewroks. The craft were sued at their various factories and shipyards to bring smaller amounts of building materials to and from the factories/shipyards. However, it has always been Verdant's method to sell anything to anyone who has the cash to pay for it. The Hercules is a strictly in-system craft.
