Starships D20 / Corellian XT-1100 Light Trans

XT-1100 LIGHT FREIGHTER

Description: Longer, thinner version of the popular YT-1300. Designed to be a fast, more maneuverable model. Because of this the XT has less cargo space. It also comes equipped with no weapons, although most owners have some installed when they purchase them. The Xt-1100 has a smaller, more oval saucer area and longer mandibles.
