Starships D20 / The Otana

Corellian Engineering Corporation "Otana" YT-2000 Transport

The Otana is Tomaas Azzameen's personal freighter. It is faster and more maneuverable than the regular YT-2000. It boasts a medium Ion Cannon along with Dorsal and Ventral Quad Laser Turrets. Tomaas and Galin Azzameen personally modified it. With the Ion Cannon the "Otana" is a formidable opponent.
