Starships D20 / Sibi Mortem Droid Fighter

Sibi Mortem Droid Fighter

One of verdant Spaceworks first attempts at an automated droid fighter. The Sibi Mortem is basically a suicide tool. It is meant to be sold in large groups and then fielded likewise. Having several squadrons of the fighters, despite their meek firepower is still very dangerous. Also the fighters were so small and fairly agile making them ahrd targets to hit.

Craft: Verdant Spaceworks Sibi Mortem Droid Fighter
Class: Starfighter
Size: Fine (4.6 m long)
