

Starships D20 / Principality of Zeon MS

Z'Gok

Zeons second amphibious mobile suit. Widely regarded as the best yet amphibious design, this machine is heavily armored to withstand deep sea pressure, yet it is much more maneuverable than the Gogg. The Z'Gok has a great deal of firepower, with the weapons built right into the design. With a well-balanced long and short range design, it can also perform well in space.
