

Vehicles D6 / Aratech B-A7 Cargo Airspeeder

Aratech B-A7 Cargo Airspeeder

The Aratech B-A7 was originally marketed on worlds similar to Coruscant where there just wasn't much room for landspeeders and the bulk of all transportation was done by airspeeder or starship. The B-A7 is essentially a speeder truck with a much higher altitude range than standard speeder trucks.

Craft: Aratech B-A7 Cargo Airspeeder

Type: Cargo airspeeder
