

Vehicles D6 / Verdant Technologies AT-SW

VerdanTech All Terrain Security Walker

Based off the RanCorp Riot Control Walker, the AT-SW Security Walker is a tall thin two man speeder. It has a smooth bullet shaped command pod onto two powerful scout walker legs. The walker is piloted by a single operator while a gunner mans a Stun-net launcher and Stohkli spray cannons. These weapons are capable of safely capturing any intruders, or escapees depending on the situation.
