Character Bio -

Born on the Core world of Corulag, Juno Eclipse applied to the Imperial Academy at age 14 and became the youngest cadet accepted into its ranks. In addition to developing into a talented combat pilot, Juno excelled in starship repair, droid maintenance, and marksmanship.

After graduating from the Academy, she flew many combat missions throughout the Outer Rim Territories; her successes brought her numerous commendations and the admiration of her peers and commanding officers. She was quickly promoted, taking command of her own squadron. After proving her loyalty at the Battle of Callos, Juno was handpicked by Darth Vader to pilot the Rogue Shadow, an advanced spy ship that ferried Vader's secret apprentice, the Starkiller, on his various missions.

Juno Eclipse, former captain of Vader's Black Eight Squadron and the eighth pilot of the Rogue Shadow.
