Background on the Byblos Half-Demon

????????????I'm a demon of sorts. I guess you figured that one out already. But it's not as bad as it seems. Okay, I know I'm going to have the forces of hell chasing me and all that but I'm fighting for the good of the world.
??????????? I was born in San Francisco, California and I was hooked into the mystic scene. I began researching when I was eight and it went from there. I always knew there was something different about me.
??????????? On my fifteenth birthday, I got a bigger surprise then a car. I met my first demon. Instead of attacking me it started talking in a strange language I could understand. It was scary, but somehow I knew it would be okay and the demon vanished.
??????????? So I came to Sunnydale. At first, I thought all the talk about this big Hellmouth was just that, talk. But a look at the record death toll and amount of neck injuries at the hospital confirmed I was in the right place. So I got comfy.

Quote: “The world is changed.” **Roleplaying the Byblos Half-Demon**

You have had experiences of weirdness all throughout your life. A vision here, a strange creature spotted there, or a flash from the past. It is only recently that your abilities seem to be more focused and controllable.
