Background on Ginger Fitzgerald

My “curse” was not inflicted by a bite from a werewolf, but passed down to me through my family’s bloodline. I have worked most of my life and can usually control the beast inside. By the use of certain herbs and mental and emotional control exercises.

It turned out that there were these demons hunting for the blood, flesh and bone of a werewolf for a magical ritual. The night of the full moon is the most difficult to maintain control. So lets just say events lead to the wolf running wild. A confrontation with the Slayer and a dart gun meant she was able to capture and confine me, and then go out and slay the demons.

Quote: “Come on a little scratch, swap some juice and we'll have out own pack.” **Roleplaying Ginger Fitzgerald**

You are used to the supernatural, your whole family is one of the shapechanging breed. So you are used to demons, magic, weirdness and such.

You have trained to fight for most of your life. As you know others will hunt you, humans as well as demons.
