Background on Adam Kane

Adam is a brilliant and mysterious multimillionaire, formerly the chief biogeneticist at Genomex, Adam was an unwitting participant in its human genetics program who believed his research was being applied to agricultural science studies and only in the abstract, to the possibility of human genetic enhancement. It was only when he confounded an attempt at industrial espionage that he learned the dark truths behind Genomex. Horrified by the knowledge of his complicity, as innocent as it might have been, he rolled his substantial fortune into a blind trust to finance the mountain stronghold called Sanctuary - the headquarters of Mutant X. Adam is a visionary genius, a supremely charismatic and confident leader who has thoroughly prepared himself physically, mentally and emotionally for the arduous mission that lies ahead.

Quote: “Understanding your opponents weaknesses is important in everything.” **Roleplaying Adam Kane**

Adam Kane is arguably the smartest man alive, the strategist, tactician and moral center of MUTANT X. It was his genetic research that inadvertently created new mutants and he takes as his responsibility the salvation of these innocent victims of society. Adam has the serenity of a warrior poet, the perfect leader for MUTANT X.
