Background on Lexa Pierce

Not a whole lot is know about Lexa, except that she claims to have been part of Mutant X at one time before Shalimar was recruited and has ‘issues’ with Adam which was why she left. A New Mutant with the ability to bend and manipulate light - she appears to know a lot more about Adam then she is telling Mutant X.

Turning up in Sanctuary after the Naxcon incident, Lexa coolly informs the team that Adam, and Mutant X, works for an organization known as the Dominion and that Mutant X will continue under their direction.

When her brother Leo was discovered and then subsequently died, Lexa began to question the Dominion's motives and her role in the organization... and in Mutant X.

When Adam returns and tells the team about a hidden faction with an equally hidden agenda, Lexa's loyalties have already switched to that of Mutant X and she coolly tells the Dominion where to go when they demand Jesse.

Quote: “Because I'm not a good girl.” **Roleplaying Lexa Pierce**

Lexa Pierce is a mystery. Her shadowy past includes covert operations for several intelligence and security agencies. Like the members of Mutant X, she was unwittingly subjected to genetic experimentation and as a result, can manipulate light in amazing ways.
