Buffy RPG / Ultraviolet

Ultraviolet

Ultraviolet are a small team of covert specialists sponsored by the Vatican in the United Kingdom. The Congregation of the Doctrine of the Faith, or as it used to be known the Inquisition. The British Government is aware of them, but they are mostly autonomous. The British taxpayers fund the Ultraviolet team. Members of the team can easily pass themselves of as any kind of police officer, disease control or any other part of a government department.

The euphemism for vampires that Ultraviolet uses is Code 5.

Equipment

Every member of the team is armed with a 9mm pistol, though capture squads will generally be armed with MP5s (use Assault Rifle stats with a 20- to 30-round magazine).

The typical Ultraviolet issued handgun is a 9mm automatic. Each weapon can also have attached to it a small monitor on which vampires will fail to show (the vampire casts no reflection thing).

The weapons fire carbon bullets (burnt wood)

Base damage is 12 points (Bullet type).
