**Background on Serena Blue**

Serena Blue was a police officer before she was recruited by Os and shown that she was an Element of Air. If Os hadn't shown up when he did she would have been killed by the yakuza. Her captain was corrupt and had informed the yakuza about her.

She was trained by Os to try and stop Slate and the other Shadowmen from getting their hands on the Tablet. The Tablet was a page from the Book of Life, it has existed longer than anything on Earth. If Slate could decipher it he would be able to open the Vortex, if that happened the world would see the apocalypse.

Unfortunately for the latest recruits, Os has killed the Element of Earth. This happened right before the White Warrior was able to convert him to her cause.

Quote: “Come on, guys. Just relax. We can work this out. There's no need for violence. Come on.”

**Roleplaying Serena Blue**

Serena Blue was a dedicated and incorruptible police officer she still holds criminals in low esteem.
