Sound Sensor:
+1D PERC in quite situations only.

Broadband Antenna:
Can intercept and decode most communications frequencies. Can patch into shipboard and vehicular communications systems.

Environmental Filter:
Filters out most harmful particles from the air or seal with three hours of air

Charcter Bio - Kad Skirata is the current Mand'alore, it was passed down to him at the age of 18 when his father who was the Mand'alore was killed by a Falleen bounty hunter. Ever since then the Falleen have become enemies of the Mandalorians.
Kad is a direct descendant of Ordo Skirata and his wife Besany Wennen. Kad means Saber in the Mandalorian language. Kad has vowed one day to catch the bounty hunter who killed his father and when he finds him he plans on killing him very very slowly.
As befitting of the ideals the Mandalorians sought to uphold, Kad Skirata lives for battle. In addition, Kad lives his life seeking honor, which he believes could only be achieved through conflict with a worthy foe. He was always impressed by a show of force, and was an advocate of combat before diplomacy.
Kad's driving personality traits were best described as ambition, discipline, aggression, and loyalty. Kad tendes to speak in a gruff, serious manner, and was typically very blunt in expressing his opinions and thoughts. Kad Skirata leads the reunited clans with strict discipline, reflecting his views of the Mandalorian ideals. Kad's troops respect him implicitly, often displaying a willingness to die rather than face public shame at their failure, and obey his orders without question. Kad maintaines his strong focus on honor as a leader. Kad tries to install his belives on his son as he is currently grooming him for being the next Mand'alore when it's his son's time.
