Charcter Bio - Hado Gunwalker is the current Underlord of the Black Sun. Hado became leader of the Black Sun after killing the prevouis Underlord. He is always surronded by the Mandalorian bodyguards that he hired and he pays them pretty well. He most times is with his top enforcer, the Mandalorian Bounty Hunter Cyrus Ordo.
Under Hado's leadership, Black Sun built a reign of fear felt on every planet from the Core Worlds to the Outer Rim Territories.
Hado Gunwalker was a man accustomed to control. As leader of the Black Sun, Hado tolerated no dissent and enforced his rule absolutely. Hot-tempered and impatient, he was quick to resort to violence when frustrated. He had high expectations of those serving him and ran a tight ship; those who disappointed him in that regard were quick to feel his anger. He saw himself as a grand benefactor to the people he let join the Black Sun, making his anger all the greater when they let him down.
