Broadband Antenna:
Can intercept and decode most communications frequencies. Can patch into shipboard and vehicular communications systems.

Environmental Filter:
Filters out most harmful particles from the air or seal with two hours of air.

Charcter Bio - Vatok Fett is currently employed as a bodyguard for the Black Sun Underlord, he is also the pilot for the Underlord. Vatok is usually seen near the Underlord, driving him anywhere or flying the Underlord's ship to places.
Vatok Fett is extremely loyal, to both Hado Gunwalker and the Black Sun. He risked his life in multiple instances to defend his employer, who admired this loyalty and rewarded Vatok for it. As a result, Vatok grew even more willing to defend Hado Gunwalker. Vatok Fett was also brave, as shown by his actions in the fights.

Vatok Fett's personality was almost a Janus-faced one. On the one hand, Vatok appeared very self-confident and possessed an almost cynical dry sense of humor. On the other hand, he often doubted himself and always gave every choice a good deal of thought. He was an independent and free-thinking person, but at the same time his primary concern was always the safety and well-being of those he cared for. An ever-present factor appeared to be fear?fear of dying, fear of doing the wrong thing.
