Charcter Bio - Darth Corrious is a current member of the Sith Council, he was trained by Darth Vademous in the ways of the dark side. He is very loyal to Darth Vademous and is also one of the first to sit on the Sith Empire Council.

Darth Corrious is a cautious man, one concerned with the safety and well-being of the Sith Empire. Darth Corrious was content with the holdings of the Empire and feared that foraging into the wider galaxy and challenging the GA would be disastrous for its health. Darth Corrious was also a very cunning man, havinge at one time putting the blame for something he did onto his former Sith apprentice, in turn the apprentice was killed by Darth Vademous. Some of the others on the Sith Council don't really trust Darth Corrious and so most tend to only deal with him when need be.
