Charcter Bio - Darth Devagar is currently a member of the Sith Council. He was trained by Darth Corrious and is somewhat loyal to Darth Corrious.

Ambitious and ruthless, Darth Devagar would stop at nothing to achieve his goal of becoming head of the Sith Council and pursuing the expansion he felt necessary for the Empire's survival. He was also intelligent and manipulative, framing others if something didn't go as he planned. However, Darth Devagar was also overly confident. Darth Devagar commanded loyalty from those who served him but appeared to care little about them.
