Charcter Bio - Darth Sinen is currently a member of the Sith Council. She was trained in the ways of the dark side by Darth Vademous and was also a one time love interst of Darth Vademous. She is very loyal to Darth Vademous and the Sith Empire.

Charming and seductive, Darth Sinen was irresistible to most men. She enjoyed using her wiles to manipulate others to do her bidding. This drive for power over others led Darth Sinen to feel anxious when she didn't feel she had control of a situation, as with her relationship with Darth Vademous. Despite her extroverted personality, Darth Sinen kept her true feelings closely guarded. She was reluctant to fully express her true feelings toward Darth Vademous, and kept the early, painful details of her life secret from most of her peers.

Darth Sinen was considered a highly attractive, beautiful woman, even by members of other species.
