Charcter Bio - Darth Malainous is currently a member of the Sith Council and was trained in the ways of the dark side by Darth Venainous. Darth Malainous is very loyal to Darth Venainous and the Sith Empire. Darth Malainous has also adorned his body with Sith tatoos. Darth Malainous is the current love interst of Darth Sidainous. Darth Malainous is also the current headmaster and head trainer of the Sith Academy.

Darth Malainous was extremely dedicated to the Sith cause, and was determined to bring about the end of the Jedi, though he knew he might not live to see it. He was a firm believer in rule of the strong, viewed the weak as chains holding back the strong. Darth Malainous learned hatred and anger at an early age, as he grew up with his parents who truely hated him. Darth Malainous possessed an extremely strong will. On multiple occasions when severely wounded, he refused to surrender, using the power of the dark side to fuel himself and keep fighting. Some have compaired Darth Malainous as the next Darth Bane.
