## **Background on Forest Demon**

I was born some sixty years in the future in the dark shadows of Seattle. Apart from working as an independent gun-for-hire, he was also a high level member in the tongs of his city. The Golden Fists.

Due to the dangerous nature of working the streets and for the large corporations black book operations, having an alias became essential to survival and so Forest Demon was born.

Lin has the ability to channel magic into his body, enhancing his physical abilities. He can pour magic into his hands making them dangerous weapons. Each Physical Adept can channel his magic in different ways into his body, so the results for each may be different.

During his time in the future Lin has learned Japanese, English, Chinese and some of the demon languages. He is skilled with all manner of firearms, but still falls back on his martial arts skills.

Lin Kuei wields a magical sword, crafted for him by a sorcerer from the future, using the advanced technology and magic to make it a truly fine blade. The katana is bound to his magical aura and so will not function for anyone else.

In the future Lin is from dragons walk the earth and powerful companies control governments. In his time he has fought many different creatures from vampires, werebears, barghests and powerful spirits and magicians.

Lin Kuei doesn't know how he arrived in the present, but he is determined to make the best of it.

Quote: "Honor's not in the weapon. It's in the man!" **Roleplaying Forest Demon**

You have worked hard for many years to learn and improve your powers. The streets in the future are not kind and most of your life has been spent working on jobs deemed to messy for the corporate agents.

You are intrigued at being this chosen warrior of the people, the fighting and killing. Though you do like the power the magic gives you, being stronger, athletic and faster.

### **Background on Forest Demon's Magical Weapon Focus Katana**

Lin Kuei's magical katana is forged with the advanced metallurgy and magical techniques of his world in the future. The katana can be wielded either one or two handed. The katana is bound to Lin's aura and so will only work for him, in anyone else's hands the sword is just a tough, sharp blade.

**Appearance:** This potent item is a finely forged katana sword.

**Power Level:** 6

**Effect:** The sword is a most potent offensive and defensive enchanted item. The wielder gains a +5 bonus to Getting Medieval. The advanced materials made the weapon slightly more resistant to damage and give it a strong keen edge that can cut through armor like butter. This magical katana does a base damage of  $4 \times (\text{Strength} + 1)$  points of (Slash/stab). The sword will also activate the vulnerabilities and weaknesses of anyone wounded by it (at the Director's discretion resulting in anything from a -1 to -3 penalty to all actions, to whatever he deems appropriate). If someone wanted to use the katana's full range of powers they would need to be a magician and it would cost them 10 experience points to bond it to their aura.
