Background on Mina Harker

Mina Harker is the sole survivor of a mysterious horror that crept through the sinister London fog. When she emerged from the darkness she was reborn as a powerful, terrifying creature of the night.

Mina Harker was once Wilhelmina Murray, an assistant schoolmistress married to the young and prosperous bank clerk Jonathan Harker. One fateful business trip, Harker set off to Transylvania to finalize the purchase of British property by one Count Dracula. When Dracula arrived in England a short time later, he began a reign of nighttime terrors. Proving her extraordinary intelligence and courage, Mina teamed up with fellow scientist Doctor Van Helsing to destroy the vampire, but not before he managed to sink his teeth into her.

In a time when women are meant to be seen and never heard, Harker is a warrior and a visionary.

The vampire physiology increases dexterity and strength of grip, as well as producing the growth of invisible scopulae. These tiny tendrils attachments allow rapid climbing on smooth vertical surfaces.

Though a slender and elegant lady, Mina's hold is stronger than iron, her muscles harder than stone and her punch as mighty as a canon shot. There are many advantages to being no longer quite living.

Quote: “It's possible I can't die. The same could be said of you. Let's put it to the test.” **Roleplaying Mina Harker**

The cruel blood of Dracula, the vampire king, runs through Mina Harker's veins, instilling her with an arsenal of paranormal powers and biological weapons. With her immense willpower, Mina has mastered her undead urges while gaining the full strength and lethality of a master vampire. She can move at blinding speeds tear through flesh, wood and metal; she can communicate with bats, scale flat walls, and survive almost any attack.
