Background on the Celerity Demon

I was born some sixty years in the future in the dark shadows of Seattle. Apart from working as an independent gun-for-hire, he was also a high level member in the tongs of his city. The Golden Fists.

Due to the dangerous nature of working the streets and for the large corporations black book operations, having an alias became essential to survival and so Forest Demon was born.

Lin has the ability to channel magic into his body, enhancing his physical abilities. He can pour magic into his hands making them dangerous weapons. Each Physical Adept can channel his

magic in different ways into his body, so the results for each may be different.
During his time in the future Lin has learned Japanese, English, Chinese and some of the demon languages. He is skilled with all manner of firearms, but still falls back on his martial arts skills.

Lin Kuei wields a magical sword, crafted for him by a sorcerer from the future, using the advanced technology and magic to make it a truly fine blade. The katana is bound to his magical aura and so will not function for anyone else.

In the future Lin is from dragons walk the earth and powerful companies control governments. In his time he has fought many different creatures from vampires, werebears, barghests and powerful spirits and magicians.

Lin Kuei doesn't know how he arrived in the present, but he is determined to make the best of it.

Quote: “So you're going to take me to Los Angeles and corrupt me?” **Roleplaying the Celerity Demon**

You have worked hard for many years to learn and improve your powers. The streets in the future are not kind and most of your life has been spent working on jobs deemed to messy for the corporate agents. so being a Slayer is not new to you, but neither do you have years of Vampire hunting experience to fall back on.

You are intrigued at being this chosen warrior of the people, the fighting and killing. Though you do like the Slayer package, being strong, athletic, limber and all the rest.
