Characters D6 / Armitage Hux (As of The Las

CHARACTER NAME - Armitage Hux (As of The Last Jedi)
SPECIES - Human
GENDER - Male
HEIGHT - 1.85m
MOVE - 10

DEXTERITY: 3D
- Blaster: 5D
- Dodge: 5D
- Vehicle Blasters: 4D

PERCEPTION: 4D
- Command: 7D+1
- Hide 5D
- Search: 4D+2

KNOWLEDGE: 4D
- Bureaucracy: 7D+1
- Tactics: 6D
- Tactics (First Order Military): 7D+2
- Tactics (Space): 7D+2
- Willpower: 5D

STRENGTH: 3D
- Brawling: 4D

MECHANICAL: 4D
- Communications: 5D
- Capital Ship Piloting: 6D
- Capital Ship Shields: 5D
- Captial Ship Weapons: 7D
- Sensors: 5D

TECHNICAL: 2D
- Capital Ship Repair: 3D
- Capital Ship Weapon Repair: 4D
- Computer Programming/Repair: 3D
- Security: 6D

EQUIPMENT

Charcoal grey general's uniform, black gloves, a polished officer's buckle, traditional flared-hip breeches, and insulated boots. He also wore a crested command cap emblazoned with the insignia of the First Order and a gaberwool officer's greatcoat.

- Blaster Pistol: 4D

FORCE SENSITIVE - N
FORCE POINTS 4
DARK SIDE POINTS 6
CHARACTER POINTS 12

Character Bio (As of The Last Jedi) - ...While Starkiller Base's weapon was charging up, the Resistance led a starfighter assault against Starkiller Base, which resulted in the base's destruction before it could fire on D'Qar. Hux was then ordered by Snoke to evacuate the planet and to take the defeated Kylo Ren with him,[3] something that Hux, having a very low opinion of Ren, was all too eager to accomplish knowing that Ren suffered a humiliating defeat.

A few days after the Assault on Starkiller Base, Hux greeted Phasma personally on his ship, the Finalizer. He questioned Phasma's late return, to which she replied that she had been preoccupied with chasing down and dispatching the true culprit behind the one who had turned off the shields at Starkiller Base. She named Lieutenant Sol Rivas as the culprit. Hux complimented her and promptly left, leaving Phasma to stare off at the sight of the First Order fleet gathering in large numbers

After the Assault on Starkiller Base, Hux led a First Order fleet, including a Dreadnought, to the evacuated main Resistance base on D'Qar. He also ended up getting an insulting transmission from Poe Dameron, who repeatedly referred to Hux by the mocking term "General Hugs" and inferred that Leia wanted to send a message about Hux's mother. This ultimately got him incensed enough to have him bellow the order to open fire on Poe's ship. He then ordered the dreadnought to destroy the Resistance base, and afterwards, the main fleet. When Resistance bombers came to destroy the Dreadnought, Hux quickly dispatched all but one bomber, which promptly blew up the dreadnought and bought time for the Resistance to escape. However, Hux had a plan to track the Resistance ship through hyperspace, which he presented to Supreme Leader Snoke on his command ship.

During the assault on the Resistance fleet, Hux ordered the Star Destroyers to keep at a distance and continue firing at the Resistance flagship. After the Resistance's medical frigate ran out of fuel, Hux ordered it destroyed the second it was in range, though the ship was successfully evacuated prior to its destruction.

When Finn and Rose Tico were captured while trying to disable the tracker on the Supremacy, they were led to an assembly area of stormtroopers in the hangar, led by General Hux. Hux then struck Finn hard on the cheek, showing his disdain for him. He then left Finn to be executed by Captain Phasma. Having figured out the Resistance's plan to escape via U-55 orbital loadlifters, thanks to DJ divulging this information to the First Order, he also proceeded to have the fleet pick off any and all escape ships one by one. Focused on the annihilation of the transports, Hux brushed off the news that the enemy flagship was preparing a hyperspace jump as a failed ploy to distract them, unaware that Vice Admiral Holdo was intending to jump the Raddus to lightspeed directly at the Supremacy. Realizing her intentions too late, Hux ordered all firepower concentrated on the Raddus but to no avail. The faster-than-lightspeed collision sliced the Supremacy in two, also annihilating several Resurgent-class battlecruisers as well.

After Holdo's suicide attack, General Hux went to the throne room, where during the battle Kylo Ren had killed Snoke. Discovering an unconscious Kylo Ren near the body of the Supreme Leader, Hux tried to take advantage of the situation to kill his rival but Ren woke up before he could act. After he expressed disbelief at seeing Snoke's dead body, Kylo told him that Rey killed Snoke and ordered him to move the men to Crait, to crush the Resistance once and for all. Hux protested,

stating than Ren had no rights to command him or his men but Kylo Force-choked Hux until he acknowledged him as the new Supreme Leader.

Hux was in Kylo Ren's command shuttle during the Battle of Crait. Once Kylo Ren gave the order to advance, Hux also attempted to issue the command, resulting in a sidelong stare by Kylo. After Kylo Ren fired on Luke Skywalker's force projection with All Terrain MegaCaliber Six walkers, Hux shouted at the pilots to stop firing, thinking that Skywalker had been completely destroyed by the barrage. Hux asked if Ren thought he got him, but was startled when the smoke cleared to reveal Skywalker completely unharmed. Ren ordered the command shuttle to land only for Hux to protest that Ren was getting distracted. In response, Kylo Ren hurled Hux against a wall with the Force. By the time Hux woke up, the Resistance had already fled and reorganized itself into the Rebellion. He was present as Kylo Ren and the First Order Snowtroopers searched through the now-abandoned base.

GAME DESIGN NOTES:

While only a short time passed between The Force Awakens and The Last Jedi, a week at the most, there was still room for General Hux to improve between films. His Command skill is improved because, while he is loud and bnoxious, he still issued orders that would have crippled the Resistance if his plans had gone off without a hitch. Combined with his Tactics (Space) skill improvements, Hux showed competancy as a commander despite the Resistance evading his assault on D'Qar. This is most prominent when Snoke contacts him to insult him in front of his bridge crew, only for Hux to inform Snoke that they have not lost the Resistance in Hyperspace and the First Order can track them down anywhere.

Hux was given the Hide skill due to the scene after Kylo Ren and Rey fought Snoke's Elite Praetorian Guard, then each other. After the fight, Hux came to the Snoke's throne room, only to see the aftermath of the fight, with Kylo Ren lying prone and unconcious on the floor. Hux slowly began drawing his blaster pistol to end Ren's life, only to hide it in his coat again when Ren began coming to (possibly saving Hux's life in the process, as Ren was powerful in the Force and had no problems murdering an enemy and rival like Hux).

Bureaucracy was improved for the general reason that since Hux is the overall commander of the First Order's armed forces under Supreme Leader Snoke himself, and since he would be expected to negotiate his position and explain his actions not only to Snoke but to any bureaucrats who get in his way, as well as how much he must have done this to attain his position of power in the First Order in the first place, increasing his skills in Bureaucracy whenever possible would be a must for someone such as Hux, especially when aboard the Supremacy, Snoke's fagship as well as the mobile capital of the First Order itself, which means politics is just as common aboard this ship as any military command and action.
