Background on Selene

Selene's origin is yet unrevealed, but she is said to have lived for several millennia, and to have been a foe of the sorcerer Kulan Gath. In past ages she was renowned as a sorceress whose power was feared and respected by practitioners of black and white magic. She eventually came to live in the ancient Roman Republic. For unknown reasons, she accompanied the large number of Roman citizens who fled Rome in the First Century B.C. and sailed to the New World, where they founded Nova Roma ("New Rome") in a hidden section of the Amazon jungle in what is now Brazil. The founders of Nova Roma fled Rome because they foresaw that its republican government would be replaced by an imperial one. For reasons that remain unknown. Selene found herself unable to leave Nova Roma, and remained there for roughly two thousand years. Nova Roma she led the dreaded Cult of Fire as its Black Priestess.

In recent years Selene married Marcus Domitius Gallio, a senator of Nova Roma who plotted to abolish its republican government. The intervention of the New Mutants both thwarted Senator Gallio's schemes and led to Selene's apparent destruction. However, Selene not only survived, but somehow found herself able to leave Nova Roma. She soon traveled to New York City. Over the two millennia that she was trapped in Nova Roma, a religious cult worshipping Selene as a goddess had continued to survive in the outside world. Selene made contact with a leader of the cult, Friedrich von Roehm, in New York City. Von Roehm was also a member of the Inner Circle of the Hellfire Club, an elite group secretly dedicated to achieving world domination. Von Roehm successfully sponsored Selene for membership in the Inner Circle, and she rapidly rose to the high rank of Black Queen of the Inner Circle.

Quote: “Why you obnoxious, obdurate oaf!” **Roleplaying Selene**

Selene is as evil as she is ancient, delighting in malice and exulting in the use of her powers. Selene's goal is one of world domination, although it is certain she will not stop at ruling just a mere world; Selene threatens the entire dimension. Selene has one great fear, and that is of death, which she refers to as her "true death".
