Background on Zoltan

Long ago, Zoltan was the canine companion of an old Romanian peasant named Veidt. One night the latest of the line of Dracula, Igor Dracula unsuccessfully attacked Veidt's daughter. Fleeing the scene, Igor changed into a bat and stopped for a quick bite to eat on Zoltan. Zoltan became a vampire dog, and Igor also had the wherewithal to convert Veidt into a living zombie, slave to the Dracula family.

Jump to a few decades later. Romanian soldiers, apparently in a unit composed totally of men who know nothing about Vampires, blast away at the countryside. They find a crypt full of bodies with stakes stuck in them. Naturally, one of the soldiers pulls the stake out of one of the bodies, and Zoltan is unleashed on the world once more!

Quote: "Wooof! Woof woof woof woof!" **Roleplaying Zoltan**

Zoltan is a vampire dog with a centuries-old mission to find his master.
