Cover: 1/2
Altitude Range: Ground level-10m
Cost: 11,100 (new)
Maneuverability: 2D
Move: 75; 225kmh
Body Strength: 3D

Description: The M-68 landspeeder was a model of landspeeder manufactured by Mobquet Swoops and Speeders. The M-68 was very popular among Corellian speeder enthusiasts due to the ease with which its repulsorlift generator could be modified and overcharged.

An overpowered speeder of this type was used by Han Solo and Qi'ra at some point during the reign of the Galactic Empire.
