Equipped with:
    Basic Vocabulator system
    Medical Diagnosis Computer
    Analytical Computer
    Multiceps

Size: 2meters
Cost: 3,500 (new); 1,000 (used)

Description: An auto-med couch was used in hospitals for medical procedures, and to apply medication to patients. The Wheel hospital had an auto-med couch. On Senator Simon Greyshade's orders Luke Skywalker was restrained in an auto-med couch on The Wheel and given drugs to keep him in a trance. Skywalker was able to overcome both drugs and restraints and escape.
