Planets D6 / Saijo

Name: Saijo
Region: Outer Rim Territories
Sector: Saijo sector
System: Saijo system
Grid coordinates: K-20
Primary terrain: Mountains, Oceans, River Valleys
Immigrated species: Nagai, Tofs

Description: Saijo was an Outer Rim Territories fortress world near Cantros 7. It had green river valleys. It was part of the Alliance of Free Planets until conquered by the Nagai.

By 130 ABY, the world was a colony and fortress world of the Nagai. When the galaxy was reclaimed by the Galactic Empire of Darth Krayt, Saijo was claimed as well, with the planet becoming one of the most heavily-defended worlds in the Outer Rim.
