During the Galactic Civil War, Danda met Princess Leia Organa who crashed on the planet and was escaping from three stormtroopers. The other spirit called Tilotny claimed she had created them, then decided to play with them and eventually killed them all. Danda became bored with the dead shapes, and departed.

Powers and abilities

As all other spirits, Cold Danda Sine was capable of manipulating time and mass. Danda often admired Horliss-Horliss, calling him incomparable and inventive.
