Description: Beaumont Kin was a human male historian who served in the Resistance during their war with the First Order as a Resistance trooper. He participated in the attack on Kashyyyk.

Beaumont Kin was a human male and the son of a mother and father who he claimed told him he was "useless." According to Kin, this was the reason he threw away a promising future to join the Resistance, though it was unclear to fellow Resistance member Daz Crano if he was serious or not and Kin did not confirm.

Kin was on track to become one of the youngest professors at Lerct Historical Institute when the Hosnian system was destroyed. He abandoned his academical career and joined the Resistance, becoming a captain in the intelligence division.

The Resistance
He served in the Resistance army as a Resistance trooper during their war with the First Order and participated in an attack against the First Order blockade of the Wookiee homeworld of Kashyyyk. While serving with the Resistance, he became acquainted with the legendary Rebel hero Chewbacca and was close enough that he called the Wookiee by his nickname of "Chewie."

Stationed at the Resistance base on Ajan Kloss, Kin took part in combat training alongside Rose Tico and Kaydel Connix, becoming close with the both of them. He helped Rey Skywalker decipher the ancient Jedi texts that she had brought from the planet of Ahch-To, where Luke Skywalker kept watch over them.

Battle of Exegol
In 35 ABY, Beaumont was present along with the rest of the Resistance at the Battle of Exegol. He was dropped off by a transport hauler, the Fortitude, along with Resistance troopers and Orbak. Doing so he helped in the ground assault of the Star Destroyer, Steadfast.

Personality and traits
Kin was a human with blond hair, blue eyes and light skin. His personality could be difficult for others to discern if he was joking or being serious, something that people told him frequently. He was very studious, and his knowledge of certain topics such as the Sith and the Jedi proved helpful to the Resistance.

Skills and abilities
Beaumont Kin was fluent in nine languages, including the Wookiee language of Shyriiwook and was able to translate the languages for others, though he struggled to understand certain dialects. He claimed to be something of a historian and shared his knowledge of Kashyyyk's history with his comrades during the attack on the planet. Being fluent in so many languages and being well versed on the ancient Jedi language, Kin helped Rey Skywalker decipher the texts during the Resistance's time on Ajan Kloss.

He also could wield a blaster pistol.
