Description: X-wing drones were training drones used by the TIE pilots of the First Order for live-fire training exercises. Sometime after the evacuation of D'Qar, Lieutenant Galek deployed her cadets against a flight of drones, in which all of the target X-wing starfighters were destroyed.

Characteristics

X-wing drones were red and black-colored drones based on the appearance of the X-wing starfighters.

Role
The drones were used as target practice for TIE pilots of the First Order.

History
Not long after the evacuation of D'Qar, Lieutenant Galek, a First Order flight instructor, deployed several X-wing drones for a live-fire training exercise for her pilot cadets.
