Description: The racer Jace Rucklin came to the Colossus to steal Jarek Yeagers hyperfuel to cheat in a race, he befriends Kazuda Xiono who works for Yeager. Rucklin suggests they get out of here and do something fun. He invites Kaz along, an offer which Kaz accepts.

Kaz accepts Jace's offer and asks what they will see. Rucklin leads him down a manhole into his hangar, where he's stored two speeder bikes. Kaz is impressed by the bikes. Rucklin asks if he can handle them, and Kaz says yes. The two power up their speeders and drop down into the sea and race. Gorrak and Lin watch from above.

While riding his bike, Rucklin presses a yellow button. He tells Kaz that the first one to reach that sky ring is a winner. Rucklin's modification allows him to race ahead of Kaz, and he teases him that there is nothing wrong with second place. Kaz accelerates his speeder bike and jumps above Rucklin. However, Kaz's bike's engine begins to break down and emit smoke. Kaz tries to tell Jace there is something wrong with his bike, but Rucklin thinks he is bluffing at first.

Kaz tells him that he is losing control of the speeder bike. Rucklin manages to grab on to Kaz, who climbs aboard Rucklin's speeder bike moments before his speeder bike crashes and sinks into the ocean. Kaz thanks Rucklin for saving his life. Rucklin says it's no problem, because that is what friends do. Later, Lin tells Kaz that was a close call and asks if he is okay. Kaz thanks Rucklin and says that he owes him a bike. Rucklin says that the bike is not important, and that he is glad that Kaz is okay.

At that point, an irate Yeager arrives and tells Kaz that he has been looking for him for the past two

hours. Kaz tells Yeager that he has just been with friends. Yeager asks if he is working for him or them. Kaz admits they are not paying him for the lost time, and apologizes to Rucklin and his friends. After Kaz and Yeager have left, Rucklin thanks his friends for sabotaging Kaz's bike and says that they have him where they want him.
