Description: Rook Kast was a human female Mandalorian warrior who led the Shadow Collective's super commandos during the Clone Wars. After Darth Maul, leader of the Shadow Collective, was imprisoned by the Sith on Stygeon Prime, Kast and commando Gar Saxon freed Maul and brought him to a Shadow Collective base on Zanbar. They were tracked by the forces of the Confederacy of Independent Systems and, in the ensuing battle, forced to flee to Ord Mantell. From there, they repelled a Separatist attack. Kast and Maul captured the Droid Army general Grievous in orbit, while Maul's ground forces captured the Separatist leader, Count Dooku.

The Shadow Collective took their prisoners to a Mandalorian asteroid base, which was assaulted by the Galactic Republic and Jedi Order in an attempt to capture Dooku themselves. Kast, Maul, Dooku, and some of Maul's forces fled and set a course for Dathomir. They were tracked by Darth Sidious, the Dark Lord of the Sith, who fought alongside Dooku and Grievous in destroying the Shadow Collective forces. Kast recovered Maul from the battle, and they fled the planet.

Later, Kast participated in the Siege of Mandalore and helped lure an unsuspecting Ahsoka Tano into the Undercity of Sundari. There, she and several other super commandoes surrounded the former Jedi Padawan for Maul.

Personality and traits
Rook Kast was intensely loyal to the Shadow Collective cause and to Maul, personally coming to evacuate him on multiple occasions and showing concern for his safety as he faced Grievous on Zanbar and even forcibly attempting to bring Maul onto his ship on Dathomir before the Separatists landed their troops and laid waste to the world. When Black Sun and the Pykes announced to Kast that they would no longer aid the Collective, Kast was quick to make the threat that she would go after them and kill them herself should they desert. Though some Mandalorians, such as Bo-Katan Kryze and many of her Nite Owls, refused to accept Maul as the leader of Mandalore due to him being an outsider—despite besting the previous leader, Pre Vizsla, in combat-Maul's non-Mandalorian heritage did not present an issue for Kast, and she faithfully served him regardless.

As a female member of the human species, Rook Kast had brown hair, blue eyes, and fair skin.

Equipment
Like all Mandalorian soldiers, Kast wore Mandalorian armor over a black body glove, as well as a jetpack, which could be used to launch missiles. Around each of her forearms was a Mandalorian vambrace, which contained a zipline. Kast's armor, like most Mandalorian super commandos, was painted red and black, meant to resemble Maul's appearance, and featured the Shadow Collective's black hand symbol on her right shoulder pad. Kast's helmet was different from most traditional Mandalorian helmets however, featuring two pointed slopes atop it.
