Sense and Alter
Lesser Force Shield

These are the known powers Tiplar possessed and it is believed that she had access to other powers.

EQUIPMENT
CREDITS - 150
Green Lightsaber, full-body outfit, boots, and a headpiece, Comlink

FORCE SENSITIVE Y
FORCE POINTS 6
DARK SIDE POINTS 0
CHARACTER POINTS 9

Description: Tiplar was a yellow-skinned Mikkian female Jedi Master who served as a Jedi General within the Grand Army of the Republic during the Clone Wars. As part of her military service, Tiplar and her twin sister Tiplee led a unit of clone troopers along with Clone Commander Doom. Such was the case during the Battle of Ringo Vinda, in which the three of them collaborated with Jedi General Anakin Skywalker's 501st Legion to oust the Confederacy of Independent Systems from a space station orbiting Ringo Vinda. At the height of the campaign, 501st clone trooper Tup executed Tiplar by shooting her in the face due to a malfunction in his inhibitor chip, which triggered a premature activation of Clone Protocol 66, a Sith-implanted directive that branded all Jedi as traitors. Tiplar's death cost the Republic forces a potential victory and instead forced them to retreat, while Tup's apparent act of treason sparked a high-profile investigation that led ARC trooper Fives to uncover the existence and function of the clones' inhibitor chips.

Personality and traits
A Mikkian female, Tiplar had yellow-green skin and blue eyes. Her forehead was adorned with a tattoo that was identical to that of her twin sister, Tiplee. Tiplar formed a good working relationship with Commander Doom and the soldiers under her command, and they worked together to

efficiently eliminate threats on the battlefield, summarily disabling BX-series droid commandos as well as droidekas during the Battle of Ringo Vinda.

Powers and abilities
Tiplar possessed a mastery of the Force and consequently achieved the rank of Jedi Master. She was adept with telekinesis, evinced during the Battle of Ringo Vinda when she pushed a trio of enemy droidekas off their footing long enough for her clone troopers to dispatch them. She was also agile, and she used that in conjunction with skill with a lightsaber to deflect incoming blaster bolts and execute acrobatic flips on the battlefield.

Equipment
Tiplar wielded a green-bladed lightsaber in combat. Her apparel consisted of a full-body outfit, boots, and a headpiece.
