Description: Nahdar Vebb was a male Mon Calamari Jedi Knight who lived during the final days of the Jedi Order and the Galactic Republic. He was trained as a Jedi by Kit Fisto, with whom he reunited on the third moon of Vassek. Along with several clone troopers under Clone Commander Fil, the Jedi discovered the fortress of General Grievous. During an attempt to capture the cyborg general, Vebb engaged Grievous in a lightsaber duel and was killed when Grievous shot him several times with a blaster.
