Special Abilities:

Aquatic: Nautolans are naturally amphibious, allowing them to breath underwater or above with equal skill. They are fast swimmers, gaining a bonus +1D to all swimming rolls.

Bony Endoskeleton and Dense Cartilage: Capable of handling the crushing pressures of deep underwater, Nautolan bodies are resistant to glancing blows, gaining +1D to resist impact damage

such as punches and clubs, but offering no help against cutting weapons or energy weapons.

Low Light Vision: Nautolan eyes can see extremely well in low light conditions, giving +1D to compensate for low light conditions. However this offers no help in full darkness.

Non Verbal Communication: Nautolans can communicate without words with each other, by non verbal means such as reading the swirls in each others eyes, and sensing pheromones. While some of this may be spotted by other species, much of it is beyond the sensing capabilities of non-Nautolans.

Biography

Clone Wars

Friendship with Castas

During the Clone Wars, Fong Do was close friends with the bounty hunter, Castas, who contacted him from the planet Florrum, following a disagreement on a job with Aurra Sing. Fong told Castas of his warning about working with Sing, but Castas dismissed this and quickly revealed he had valuable information. However, before he was able to reveal this information he was shot and killed by Sing.

Run in with Jedi

Later, Do recounted the event to a Weequay pirate, who was a member of Hondo Ohnaka's gang, in the Moshi Bar. Realizing he had been overheard by the Jedi Ahsoka Tano, Do pulled out two knives on Tano, but was stopped when Plo Koon intervened by igniting his lightsaber. Tano reached into her tunic and pulled out a handful of credits which she threw into the crowd, allowing her and the Jedi Master to leave the bar.

Jabba's Palace

Do was later present at Jabba's Palace when Chairman Papanoida and his son Ion were tracking down the bounty hunter, Greedo, after he was involved in the kidnapping of his two daughters.
