Starships D6 / Atomic Compression Bomb

Model: Atomic Compression Bomb
Type: Nuclear Weapons
Scale: Capital
Blast Radius: 0/40/80/120/160/200
Damage: 12D/10D/8D/6D/4D/2D

Description: Atomic compression bombs were powerful nuclear weapons used by the Mandalorian Crusaders at the time of the Great Sith War.

Towed into position by Basilisk war droids, they were used against ships and space stations, and were considered to be better than any weapon then used by the Krath.
