Special Abilities:

Mathematical Aptitude: Givin receive a bonus of +2D when using skills involving mathematics, including Astrogation. They can automatically solve most "simple" equations (gamesmaster option).

Vacuum Protection: Every Givin has a built-in vacuum suit which will protect it from a vacuum or other harsh elements. Add +2D to a Givin's Strength or Stamina rolls when resisting such extremes, For a Givin to survive for 24 standard hours in a complete vacuum, it must make an East

roll, with the difficulty level increasing by one every hour thereafter.

Increased Consumption: Givin must eat at least three times the food a normal Human would consume or they lose the above protection. Roughly, a Givin must consume about nine kilograms of food over a 24 hour period to remain healty.

Description: Kooloota-Fyf was the Givin leader of the Shipbuilders and Astromechs Guild and one of the funders of Carnor Jax's plan to sabotage Palpatine's clones. He served on the Imperial Interim Ruling Council. His position on the Council ensured the cooperation of the Guild, and little else. He was imprisoned by Xandel Carivus during Carivus' bid for power.

Following Carivus' death, he was taken into New Republic custody.
