Background:
U.S. Navy Lieutenant Commander Ben “Bic” Gannon is a talented and outstanding Naval Aviator.
He was born in Little Rock, Arkansas, USA .
He began training at NAS Pensacola, Florida, his natural skill and drive to succeed meant he passed the course, among the top percentile.
He entered the Strike (Jet) pipeline and completed his training at NAS Kingsville in the T-45A. During Strike training, pilots learn strike tactics, weapons delivery, air combat maneuvering, and receive their carrier landing qualification.
He has been involved in a few top-secret projects before, including testing advanced aircraft

developed through technology brought back by the Stargate program. Including the Navy's prototype stealth bomber, "Talon".
Due to his natural abilities and hard work he has been assigned to work on the Stargate Program.
