Description: Nfoota was a patron of the Byss Bistro at the Imperial Freight Complex on the planet Byss in 10 ABY. Another patron informed Nfoota that the Empire had just received a shipment of X-1 Viper war droids. Nfoota then went to one of the cantina's windows with several other patrons to watch as the same shipment of war droids, secretly containing New Republic commandos, began to wreak havoc on the Imperial forces present.
